\$10,000,000 FOR \$4,000,000.

Western Pacific Buys Rio Grande Right to Fuel Stock.  
 William Saloman & Co., on behalf of the Western Pacific Railroad Company, yesterday bought for \$4,000,000 the right of the Denver and Rio Grande Railroad Company to the \$10,000,000 par value public sale in the rotunda of the New York County Court House.  
 This stock is pledged as collateral for an issue of Rio Grande Western Railroad bonds. The purchase of the stock is one step on the part of the Equitable Trust Company to get satisfaction on a judgment of about \$37,000,000 obtained against the Rio Grande road for failure to make good its guarantee on an issue of Western Pacific 3 per cent. bonds.

### IRISH HOME RULE AND DRAFT DROPPED FOR FEDERAL PLAN

British Press Bitterly Assails  
Change of Policy Revealed  
by Curzon.

LONDON, June 21.—Earl Curzon's speech in the House of Lords last night, immediately seized upon in the lobby as an admission of a breakdown in the Government's Irish policy, indicating as it did the abandonment for the present at least of any attempt to introduce a Home Rule bill, is treated in this morning's newspapers as a sensational development and is made the theme of sharp comment.

It is understood the Government now favors a federal solution of the Irish problem which will be applicable also to Wales and Scotland. Premier Lloyd George has consented to meet a deputation from all parties in both Houses of Parliament desirous of settling up a commission to draft such a federal scheme.

"Home Rule is dead," says the Radical Daily News, "and the whole Irish policy of the Government has fallen crumbling to the ground."

"From the opening to the close of this last wretched chapter in the history of the Irish question, the Government has been consistently distinguished by vacillating and dilatory. Out of it all one result has emerged, black and unmistakable—the destruction of the power of the constitutional party and the enthronement of the anarchy of the Sinn Féin."

"Apart from military considerations, the condition of Ireland to-day is a mockery of every profession to which we give utterance as vindicators of the ideals of justice and freedom."

The Unionist Morning Post in its comment on the development says:

"The Government once more has burned its fingers very badly by a mixture of rashness and inconstancy. \* \* \* What will be the effect of this subject surrender to the intransigence of Irish discontent and the arrogances of the Irish Catholic hierarchy remains to be seen. \* \* \* Every new departure and experiment in Irish policy brings us back to the bedrock fact—the necessity and the inevitability of the maintenance of the Union."

Less rigidly partisan newspapers are hardly less severe in their comment.

"Irish priests and bishops have played a leading part in killing both home rule and conscription," says the Daily Express. "If the Moderates prevail and crimes cease, then, perhaps, when peace comes, there may be another opportunity for home rule. If crime and treason continue then Ireland must expect, and will certainly experience, the heavy hand. Lord French will see that there is no rebellion in Ireland."

The Graphic says:

"The worst elements in Ireland have been allowed by the Committee of the Government to get the upper hand. \* \* \* At this moment, largely through the mismanagement of successive Cabinets, Ireland is in a worse state of anarchy than probably ever since 1798. \* \* \* Much stronger measures are required before order can be restored."

"So there is an end of the whole policy of conscription and home rule alike. The whole procedure is in the highest degree discreditable to the Government and is barely even intelligible, except on the assumption that conscription was introduced for the express purpose of getting rid of home rule."

"A less circuitous method might, one imagines, have been contrived, and one which did not involve the looking up in Ireland at the very crisis of the war of good men."

### DARING AMERICAN AVIATOR BELIEVED TAKEN PRISONER

Lieut. Paul F. Baer.

Lieut. Paul F. Baer, listed as missing in the casualty list of May 22, is said to have fallen into the enemy's hands. He was out on a scouting flight from which he never returned. Lieut. Baer was one of the most daring of all American aviators. He was formerly with the French Escadrille, but was later transferred to the American Flying Corps. He has been decorated with the Cross of War and is also the possessor of the Distinguished Service Cross. This picture of Baer was taken just before he was transferred to the American Flying Corps.
